City Offers Assistance to Northwest Residents Affected by Contamination of Private Water System

FOR IMMEDIATE RELEASE

FRESNO, CA (May 22, 2009) The State Department of Public Health issued a notice to Herndon Water Company today warning of possible contamination in its water system. The privately owned Herndon Water Company serves approximately 70 homes in Herndon Town in northwest Fresno.

To ensure the residents of Herndon Town have access to a supply of safe water during the notification period, the City of Fresno is coordinating the delivery of bottled water to the community this morning. Councilmember Andreas Borgeas will be in Herndon Town as a part of the delivery of water and to engage the residents of Herndon Town.

Councilmember Borgeas stated, "The Herndon Town water and sewer project has been the top budget priority for my district." He further stated, "I look forward to working with the Mayor, City Staff and the State of California in looking for long term solutions for the resident's of Herndon Town."
